
LED Spotlight

We really appreciate your interest in our LED spotlight which is mainly made of die-cast aluminum, aluminum alloy and PMMA. Its surface is handled with oxidation and electroplate treatment and its voltage range is within AC100V~240V/DC12V. We provide three kinds of LED spotlight for you to choose from, that is, MR16, E27 and GU10.

Features

1. Our LED spotlight is efficient and energy-saving. Its power consumption is only 10% of that of incandescent lamp.
2. It has long service, at least 25000 hours.
3. It light doesn't contain ultraviolet rays and infrared rays.
4. Our LED spotlight is eco-friendly, as it doesn't contain hazardous elements such as mercury and lead.
5. It has high luminous efficiency. Its 90% electric energy can be transmitted into visible light. However, the incandescent lamp only can transmit 20% electric energy into visible light, and its 80% electric energy transmits into thermal energy.
6. The LED spotlight has high safety factor, as it requires a little amount of current and voltage and produce little heat.

Applications

Our LED spotlight has wide applications. You can find it in many places such as show windows, hotels, hospitals, meeting rooms, exhibition halls, wine bars, dance halls, advertising light boxes, etc. It also can be used for lightings of squares, ports, or other outdoor places.

Technical Parameters

Model	1W LED Spotlight (Aluminum Extrusion + Oxidation))	1W LED Spotlight (Die-casting + Electroplate)	3W LED Spotlight (Aluminum Extrusion + Oxidation)	3W LED Spotlight (Die-casting + Electroplate)	3W LED Spotlight (Aluminum Extrusion + Oxidation)	3W LED Spotlight (Die-casting + Electroplate)
Input voltage	AC100V~240V/DC12V					
Power	1*1W	1*1W	1*3W	1*3W	3*1W	3*1W
Luminous angle	15°/30°					
Materials	Aluminum alloy and PMMA	Die-cast aluminum and PMMA	Aluminum alloy and PMMA	Die-cast aluminum and PMMA	Aluminum alloy and PMMA	Aluminum alloy and PMMA
Color temperature	2800-6500K					
Energy efficiency	>75%					
Service life	≥25000 hours					
Dimension	Φ50mm					
Base specifications	E27, GU10, MR16					
Color rendering index	Ra > 70					

Deasy is a professional LED spotlight manufacturer in China. We design and manufacture a wide variety of LED lighting products such as advertising LED display, sports LED display and LED wall washer. For any concerns you have about our LED products, please do contact us without hesitation. Our attentive service staff is looking forward to serving you.
