
[LED Downlight](#)

This page shows you our LED downlight whose detailed information is specified as follows.

Features

1. Our LED downlight is energy-saving. Its power consumption is just 1/10 of that of incandescent lamp and 1/4 of that of energy-saving lamp.
2. Its service life is at least 25000 hours.
3. The LED downlight has reliable quality and can be frequently started and turned off.
4. It has several installation modes, including embedded type, derrick type, etc.
5. Our LED downlight adopts aluminum alloy and PMMA as its main materials, thus it is durable and has good transparency and heat dissipation.
6. Various specifications of LED downlight are available in our company.

Applications

Our LED downlight is suitable to provide lighting in car exhibition halls or window shows used to display jewelries, dress, and other things.

Deasy provide three types of LED downlight for you to choose from, including 3W, 7W and 12W. Their detailed information is shown as follows.

Technical Parameters

Model	3W	7W	12W
Input voltage	AC100~240V		
Power	3*1W	7*1W	12*1W
Luminous efficiency	60lm/W		
Materials	Aluminum alloy and PMMA		
Color temperature	2800-6500K		
Energy efficiency	>75%	>75%	>80%
Service life	≥25000 hours		
Luminous angle	30°/45°/60°	30°/45°/ 60°	45°/60°/ 90°
Hole-cutting size	Φ75mm	Φ96mm	Φ125mm
Color rendering index	Ra >70		

Deasy is a primary LED lighting product manufacturer located in China. Our products include LED tube light, LED light bulb and sports LED display.
